Dear Residents of SD-44:

Last week, I [joined](#) a bipartisan group of Senators representing Bucks, Chester, Delaware, and Montgomery Counties in a letter to Governor Wolf, Acting Health Secretary Alison Beam, and the members of the COVID-19 Vaccine Joint Task Force, in [support of requests by county officials](#) that the state distribute coronavirus vaccine doses to county-run clinics rather than sending them to a single mass vaccination site for the entire region.

I know all of you are beyond frustrated about the lack of coordination and communication on how to obtain a vaccine. I cannot understand the purpose of the \$11.6 million-dollar contract with a consulting firm for vaccine distribution and yet, here we are, many questions unanswered, incomplete data, and inconsistent information day-to-day. Only providing one ([or two](#)) vaccination site for the entire Southeast region will simply disproportionately harm seniors who do not drive, single parents struggling to balance child care while working multiple frontline jobs, and so many who are just unable to travel an hour or more to a single vaccination site. We can and must do better. I urge the administration to listen to our local elected county leaders on this issue and ensure the true equitable distribution by showing all data and numbers.

#### Pop-Up Vaccination Clinic in Montgomery County

On Saturday, I stopped by to lend a hand at a [pop-up vaccine clinic](#) held at the Springfield 7th grade center for over 1000 individuals in group 1A. It was great to see the joy and relief on so many people's faces as they received their first dose. Thank you to the Medicine Shoppe of Boyertown and all of the nurses, school staff, and volunteers for helping make the clinic a success.

Clinics will be held over the next few weekends and you can [register here](#), or apply to be on a wait list if you are not 65 or older and they will contact you on a first come, first serve basis.

I will keep posting updates from the DOH, as well as any vaccine opportunities that pop-up across our community while I continue to advocate for more vaccine doses directly to our region in SEPA. Follow the latest updates, be sure to like and follow us on [Facebook](#) and [Twitter](#).

## \*NEW\* Tax Deadline and Free Tax Prep Service

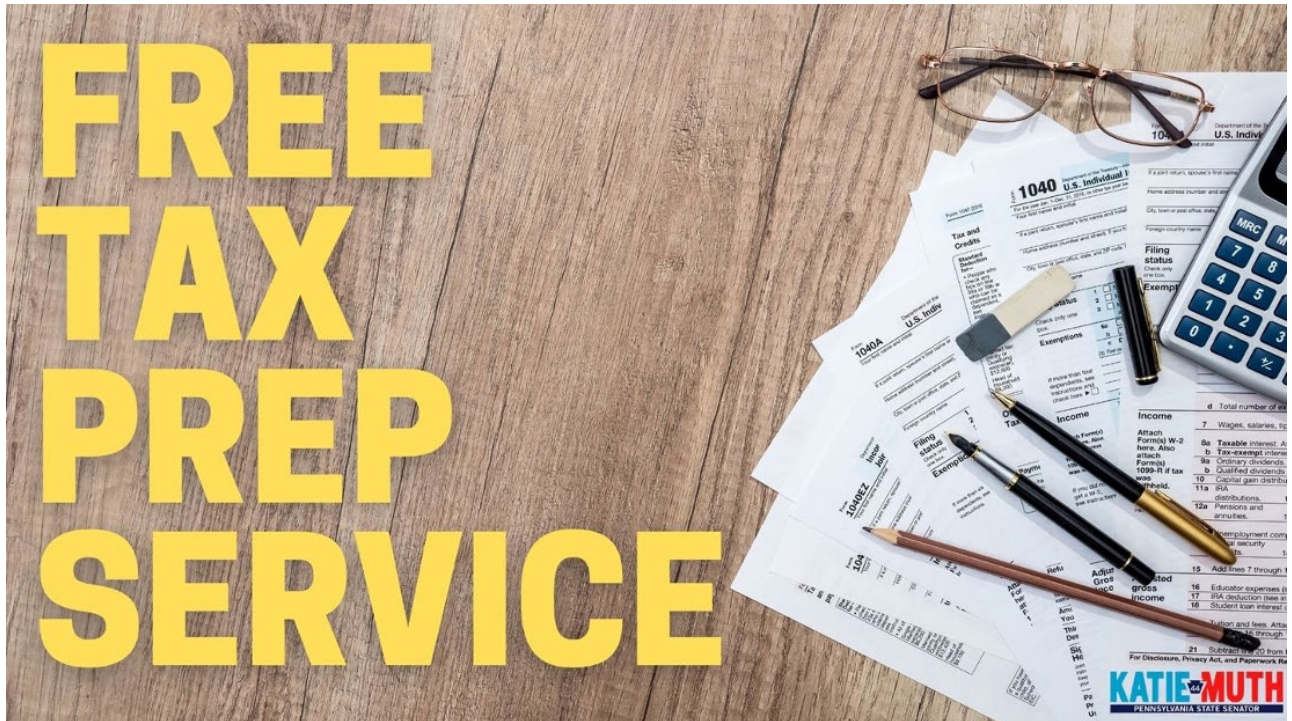

Pennsylvania will delay its tax filing deadline from April 15 until May 17, after the Internal Revenue Service said it is delaying the federal tax filing deadline until May 17, the state Department of Revenue said last Thursday. The decision postpones when individual taxpayers must file their return and when their payment is due.

Pennsylvania's Department of Revenue said taxpayers who owe money would not face any further penalties or interest on final 2020 personal income tax returns and payments if they pay by May 17.

My district office in Royersford Borough is offering free tax prep service for anyone who

needs to file a tax return by using a 1040 form. This service will be offered on Thursdays from 5-7pm through April 8 (all COVID precautions will be enforced).

You **MUST** make an appointment by calling my office at 610-792-2137 (ask for Nikki). To learn more about the service and what you will need to bring to your appointment click [HERE](#).
